Grant Information

1. Please describe your situation in applying for this Scholarship. Include as much detail as you feel necessary. Use the back side if you need more room.

Scholarships will be awarded based on demonstrating the need and funds available. If awarded, you must work an additional 4 hours on fields during tournaments (per kid). You will need to pay the entire fees up front (with a check) and we'll hold that check until your 4 hours are worked. Each family will still need to do their regular 4 hours of volunteering.

I acknowledge all of the above information to be correct, and I understand the additional obligations as mentioned above if the Scholarship Application is approved.
